

Etowah Lions Services, Inc ELSI

If your not sure why you should use the Lions for your trash pickup, did you know that proceeds from this business were instrumental in the land purchase where the Etowah Park now sits?

Did you know that the Etowah Lions provide annual scholarships for deserving young people at West Henderson High?

We provide citizenship awards to Rugby Middle School and Etowah Elementary School deserving children.

We provide assistance to the blind, sight impaired, and those in need, in our community, district, and worldwide as it is our mission.

As with any organization, raising money is essential to provide the services that we are tasked to do as Lions. Our fund raising effort is our garbage service. It's a win win for all. So now is there a reason to use the Lions to pickup your trash?

You may also wish to know that we employ 5 people in our community full and part time. We keep the proceeds in the community, we employ community members, and we have a great group of people who volunteer countless hours to the Lions effort to include keeping your trash picked up.

We have been doing this for over 33 years. We are proud of our contributions to the community. They include the Park, initiating the grass roots effort to get a Library. Look what they have both grown into. The kids that are recipients of the scholarships and citizenship awards are amazing and they are all doing well.

So consider jumping on our trash wagon. Support the Lions and support your community.

The Etowah Lions will continue to support the community as it has for the past 55 years. We have a long list of accomplishments and plan to add to those throughout the years to come.

Thanks.

Lion Debbie
